

## Honeywell Home

# M6410L2023

### Technical Properties

Protection class	IP43/IP42
Supply voltage	230 Vac
Control input signal	3-pt
Manual operation	Yes
Stem force	180 N
Stroke	6,5 mm
Runtime	150 s
End switch function/capacity	SPDT; capacity 1 A inductive, 5 A resistive
Position indication	with red indicator
Cable length	1,5 m

### Additional Descriptions

For M7410-models, the valve cap can be used for manual adjustment. For models with 2 end switches, the 2<sup>nd</sup> switch is adjustable.
