

Specifications For XI20B6.3	
-----------------------------	--

Valve Type	3-Way linear valve
DN Size	20
Connection Type	Internal Thread
Nominal Pressure	PN16
Valve Flow Characteristic	B-AB linear, A-AB equal percentage
Controlled Media	Water, Water-Glycol Mixture according to VDI 2035
Media Temperature (Max)	170 °C
Media Temperature (Min)	2 °C
Actuator Close Action	Stem up to close port A-AB
Stroke (Max)	20 mm
Valve Body Material	Brass
Valve Stem Material	Stainless Steel
